

# SPIRIT of PEACE

person to person for peace

## New Treasurer and Trustees

The work of Spirit of Peace is rapidly growing. The time has arrived to bring in more active members to the Spirit of Peace team.

Spirit of Peace is a registered charity that works for peace through spiritual and holistic principles. Our key aims are to:

- Contribute to the creation of a culture of peace and non-violence.
- Foster social cohesion through multicultural and multi-faith events.
- Develop and disseminate principles and tools derived from our spiritual and holistic approach to peace building.
- Be a forum for individuals and organisations which would like to develop their gifts and skills in the context of peace building

We have been a charity for just over a year and benefit from close links with grassroots peacemakers in Israel/Palestine. Find out more about us at [www.spiritofpeace.co.uk](http://www.spiritofpeace.co.uk).

**We are looking for a new Treasurer and Trustees to support our growth.**

**Treasurer** – As treasurer you will have a crucial administrative role, with the opportunity to create and manage the financial and accounting systems needed to support the charity's future growth.

**Trustees** – As a trustee you will play a vital and proactive role in our growing charity. You will have the opportunity to co-create our emerging and strategic vision as well as develop an area of personal interest within our work.

These are both roles that will emerge around those who join our team. As we grow together, you will have the chance to make a real and lasting difference by building peace both at home and abroad.

If you feel drawn to either of these roles please email Jane at [info@spiritofpeace.co.uk](mailto:info@spiritofpeace.co.uk) for more information.
